REPORT OF COUNCIL

To the Members, at the Annual General Meeting, Wednesday, February 28th, 1900.

I. SESSION 1898–99.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1417, being a decrease of 9 on that of the preceding Session. Of these 1036 were Students in the College, and 381 Pupils in the School. Of the Students, 284 belonged to the Faculty of Medicine, 75 being new Students: in the Faculties of Arts and Laws and of Science there were 752 Students, 398 being new Students. The largest number of Boys in the School in any one Term was 323.

In the Faculties of Arts and Laws and of Science these figures show, as compared with the preceding Session, an increase of 45 in the new Students and a total increase of 29; and in the Faculty of Medicine a decrease of 9 in the new Students, and a total increase of 9.

The Fees received (exclusive of those for Clinical Instruction) amounted to £22,664 15*s.* 6*d.*, being £153 16*s.* 6*d.* less than in the Session 1897–8.

The details for the two Sessions compared were as follows:—

	1898–99.			1897–98.		
	£	*s.*	*d.*	£	*s.*	*d.*
Faculty of Medicine	3,476	0	6	3,680	5	0
Faculties of Arts and Laws and of Science	12,043	10	0	11,004	0	0
School	7,145	5	0	8,134	7	0
	£22,664	15	6	£22,818	12	0

In addition to the above-stated amounts, the sum of £1,332 19*s.* 6*d.*

was received for Clinical Instruction in the Hospital, making a total of £4,809 paid by Students of the Faculty of Medicine in the Session.

The share of fees paid to Professors, Teachers, and Masters amounted to £16,309 16*s.* 1*d.*

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

In 1899, 9 pupils passed the Matriculation Examination of the University of London.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1894–95.....	355	366	356	359
1895–96.....	349	353	367	356
1896–97.....	352	339	354	348
1897–98.....	359	362	342	354
1898–99.....	323	308	307	313

From the Tables submitted it appears that 14 boys were entered in the Black Book last Session, the total number of entries being 17.

The Horton Memorial Scholarship was awarded to F. Neuhaus.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

Two new developments in the School call for notice. First, the Technical Education Board have agreed to assist in founding a Commercial Department. The principal features of the scheme are as follows:—(*a*) The Technical Education Board will award 20 Scholarships tenable in the Commercial Department of the School, and carrying with them free education in that department; (*b*) the Board will contribute towards the salary of the head of the commercial department a sum not exceeding 50 per cent. of his salary, and not exceeding £150 a year; (*c*) the Board will make an equipment grant not exceeding £100 and not exceeding 75 per cent. of the cost of the special Commercial Equipment.

The new Commercial Department will start work after Easter.

The other matter of importance in connexion with the School is the acquisition of a ground for cricket and other games at Neasden. The land at Willesden which the Council has for several years past hired for this purpose is in many ways unsatisfactory, and they have therefore willingly agreed to join hands with the Weston Eve Testimonial Committee in purchasing the freehold of a suitable ground at Neasden: the cost of the ground is £2200, of which the Council have found £1200. In the event of the land being sold the Council will recover the £1200 with interest at the rate of 3 per cent.

THE BRANCH SCHOOL.

The Preparatory School at Hampstead is making satisfactory progress under the Head Master, Mr. C. Simmons. There are at present 72 boys in the School.

II. GENERAL FINANCES.

The excess of expenditure over receipts for the past Session was £2,139 15*s.* 6*d.*, of which £842 11*s.* 2*d.* is due to interest on the loan from the Bankers.

There was at the end of the Financial year £2,098 7*s.* 7*d.* on the debit side of the Old Building Fund Account, and £19,693 7*s.* 1*d.* on the debit side of the Buildings Extension Account, 1890, representing expenditure on these accounts unprovided for by contributions.

The financial condition of the College has not undergone any serious change since the last General Meeting, though the accounts show that on the 31st August last the excess of expenditure over receipts was less by about £562 than it was in the preceding year. In the last Report the Council stated very fully their views on the financial position of the College, and to those views they adhere. No such diminution in the expenditure of the College as would bring it within the present income can in their opinion be effected without injuriously restricting the work of the College. The Council intended a year ago to take steps to make a public appeal for funds, but in consequence of the negotiations then in progress between themselves and the Statutory Commissioners they decided that it would be wise to postpone the appeal until it was known whether or not the College would be incorporated in the reconstructed University of London. But, as stated elsewhere, that matter is still undecided.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1900, have been as follows:—in the Faculty of Medicine, 193, of whom 49 are new Students; in the Faculties of Arts and Laws and of Science, 615, of whom 293 are new Students.

The entries in the School, in Michaelmas Term, were 309, of whom 49 were new pupils; in the present Term, 309, 40 being new pupils; adding the 72 Boys in the Branch School at Hampstead, this makes 381 in all.

The College Fees received to February 1st are £2,566 14*s.* 6*d.* in the Faculty of Medicine, and £10,221 15*s.* 0*d.* in the Faculties of Arts and Laws and of Science. This shows an increase of £224 3*s.* 6*d.* as compared with the same date of last Session.

Sir Wm. Flower.
Mr. Samuel Gale.
Sir Douglas Galton.
Mr. J. C. Gooden-Chisholm.
Sir Gerald Graham.
Mr. F. Guthrie.
Lord Herschell.
Mr. R. L. Holland.
Rev. James Martineau.
Mr. C. P. Mason.
Mr. Wm. Piper.
Sir Wm. Roberts.
Mr. John Ruskin.

NEW GOVERNORS.

The following new Governors have been admitted:—Mr. F. E. Cobb in succession to his father Mr. Edward Cobb, and Mr. H. Y. Hare in succession to his father Dr. Charles Hare.

THE COUNCIL.

The Council regret to report the death of Sir Douglas Galton, who died last spring. Sir Douglas joined the Council in 1876 and from that time until his death took an active part in the affairs of the College.

Sir George Young, who joined the Council in 1875, has resigned his seat. In accepting his resignation the Council passed the following resolution:—

That the Council, greatly regretting the resignation of Sir George Young, desire to place on record their appreciation of the valuable services which he has for so many years rendered the College, and his constant devotion to its interests. The Council would especially refer to Sir George Young's early and long-continued efforts to further the interests of the College in connexion with the reform of the University of London, for which they give him their hearty thanks.

PROFESSORIAL AND OTHER APPOINTMENTS.

In March last Professor Weldon sent in his resignation of the Jodrell Chair of Comparative Anatomy and Zoology, on his appointment to succeed Professor Ray Lankester in the Linacre Professorship of Comparative Anatomy at Oxford.

The Council passed the following resolution :—

That, in accepting the resignation of Professor Weldon, the Council desire to record their high appreciation of the services he has rendered to the College during the last nine years and of the distinction which his eminent scientific position has conferred on the College.

Mr. E. A. Minchin, M.A., has been appointed to succeed Prof. Weldon as Jodrell Professor of Comparative Anatomy and Zoology.

Professor Schäfer was elected in June last to the Chair of Physiology in the University of Edinburgh, and accordingly resigned the Jodrell Professorship of Physiology in this College.

The Council passed the following resolution :—

That the Council receive with much regret Professor Schäfer's resignation of the Chair of Physiology, although they must congratulate him on his appointment to the very important chair in the University of Edinburgh. They desire to express their sense of the important services he has rendered to the College, and of the high standard at which he has maintained the Department of Physiology as a school of research as well as a teaching department of the College.

Dr. E. H. Starling, F.R.S., has been appointed to succeed Prof. Schäfer as Jodrell Professor of Physiology.

Prof. Christopher Heath and Prof. Sydney Ringer have given notice of their retirement under the age limit from the Holme Professorships of Clinical Surgery and Clinical Medicine respectively at the close of the present winter session.

The Council feels confident that all members of the College will join them in regretting the loss of these two eminent Professors and in recognizing the great value of their services to the College and Hospital for a period extending over a quarter of a century.

In July last Mr. Hawkes, the Senior Classical Master, and Mr. Tucker, the Senior Mathematical Master in the School, resigned the Masterships which they had held for many years.

The Council passed the following resolution :—

That the Council have heard with regret of the intended resignation of Mr. George J. Hawkes and Mr. Robert Tucker,

and desire to place on record their high appreciation of the services rendered by them to the School during their tenure of office.

Prof. Montelius has been appointed Yates Lecturer in Archæology for the current Session, and will give a course of lectures on Prehistoric Chronology.

The Rev. J. E. Marks, D.D., has been appointed Lecturer on Burmese *vice* Capt. St. John.

Mr. R. W. Chambers, B.A., has been appointed Quain Student in English for three years, and Miss Edith Chick, B.Sc., has been appointed Quain Student in Botany for a similar period.

UNIVERSITY OF LONDON ACT, 1898.

Members of the College are aware that in December 1898 the Council appointed a deputation to lay before the Statutory Commissioners, certain proposals, which, if adopted by the Commissioners, would result in the incorporation of this College in the reconstructed University of London. The Statutory Commissioners decided to submit the proposals to the Lord President of the Council, whose opinion was communicated to the President of the College in the following letter:

"Privy Council Office, S.W.,
20th March, 1899.

"My Lord,

I am directed by the Lord President of the Council to acknowledge the receipt of your Lordship's letter of the 9th inst., and I am to state that it appears to his Grace undesirable at this stage to disturb, as proposed, the basis of the scheme of reconstruction upon which the London University Commission are engaged, and that a discussion of the proposals of University College may well be deferred until the Senate of the new University are in a position to consider them.

"I am, My Lord,
Your Lordship's obedient Servant,
(Signed) A. W. FitzRoy.

"*The* Lord Reay, *G.C.S.I., G.C.I.E.*,
University College, London, W.C."

The new Statutes of the University will very shortly come into force, and the Council have reason to hope that the University of London will before long take its position among the great Teaching Universities of the World and that a new era of prosperity will be inaugurated for this College.

MR. HENRY VAUGHAN and the ANDREWS FUND.

The Solicitors to the late Mr. H. Vaughan, who recently died, have advised the Council that he was the anonymous donor in 1848 of the £5000 forming the Andrews Fund, given to the College through the late Lord Auckland, and that the occasion of making the endowment was the recovery from dangerous illness of the donor's mother, whose maiden

name was Andrews. The following extract from Mr. Vaughan's Will shows that he has bequeathed to the College several valuable works of Art.

EXTRACT FROM THE WILL OF THE LATE

HENRY VAUGHAN.

And I direct that if such cost does not amount to Fifty pounds I give and bequeath the surplus to the Trustees of the University College Hospital for general purposes It is my wish and desire that the various specific articles bequeathed to the said Trustees should with the exception of the bust of Mrs. Vaughan be allowed to be placed in the rooms used by the students of the school of art in connection with the Slade professorship so long as that School is attached to the said College.

Extract from Codicil.

I bequeath the portrait of my Mother by Pickersgill R.A. in the dining room to the University College in Gower Street

FLAXMAN GALLERY CATALOGUE.

A new Catalogue of the Works of Art in the Flaxman Gallery has been compiled by Mr. Talfourd Ely, Fellow of the College. Mr. Ely has spared no pains to make this catalogue accurate and complete, and the College is greatly indebted to him for the time and labour which he has spent over it. The Catalogue is on sale in the Office of the College and in the Flaxman Gallery, price 6*d.* a copy.

FOUNDATION DAY.

Foundation Day was celebrated under the auspices of the Union Society on June 27th, when an Oration was delivered by Prof. W. P. Ker. It has been printed, and may be obtained (price 6*d.*) on application to the Secretary of the Union Society, and to that Society will accrue any proceeds from the sale.

DONATIONS.

The following donations have been received since the last Report was issued :—

HOSPITAL.

The Hospital has at present 185 beds available for clinical instruction and study. During the year 1899, 2719 In-patients were admitted to the wards, 35650 Out-patients (including Casualties) received advice and relief, and 1912 Midwifery cases were attended. In addition to the Medical and Surgical Wards for general diseases, the Hospital contains special Wards for Diseases of Women and Children, for Ophthalmic affections, and for Skin disorders. In connection with the Skin Department there is a complete system of Medical Baths.

The Committee of the Hospital in the Report for 1898 gave full particulars of the laying of the Foundation Stone of the New Hospital by H.R.H. The Prince of Wales on June 21st, 1898, and they have now much pleasure in stating that they hope very shortly to occupy the new West Wing and Central block. The Nursing Home at the South-west corner of the site is also rapidly approaching completion.

The Committee much regret the loss they have sustained by the death of Sir Douglas Galton, who for many years was a most valuable and indefatigable member of their body.

The All Saints' Sisterhood resigned the management of the Nursing Department at the end of the Summer, after devoted service which commenced as far back as 1860. The superintendence of this department is now entrusted to a sub-committee of the Hospital Committee.

On the 1st of September, Miss H. E. G. Hamilton, who had been selected from a large number of candidates to fill the office of Matron, commenced duty.

The Most Honourable the Marquis of Northampton, and Sir John Stirling Maxwell, Bart., M.P., have been appointed by the Council of University College Vice-Presidents of the Hospital.

Mr. H. J. Scharlieb, M.D., has been appointed Assistant Anæsthetist.

The Committee earnestly appeal for an increase in Donations and Subscriptions to enable them to meet the large difference between reliable income and expenditure, amounting to £10,500 per annum.

Return of Services of the Members of Council from January 1st to December 31st, 1899, inclusive. Meetings of Council 16, of Committee of Management 21, of Senate 7.
